

Investing for Success

Snapshot report

**Under the Investing for Success Agreement for 2016
Centenary State High School received**

\$450066

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Increase teacher's repertoire of effective strategies for teaching composing with an emphasis on sentencing and paragraphing
- Targetted literacy intervention with a focus on writing of identified students
- Targetted numeracy intervention for identified students
- Developed further collaborative data inquiry processes (to build teachers' ability to interpret data, identify and scale up effective teaching practices and differentiate better)
- Improving data collection cycles including PAT R and PAT M to monitor individual student progress
- Better prepare and support teacher aides to consolidate student learning in numeracy and literacy
- Embed the culture, climate, processes and protocols of classroom observation and feedback to support professional development and encourage reflective practice / action learning
- Use of IMPACT programs and online delivery to challenge potential U2B students
- Increasing the resourcing of Learning Support
