

**Our students and staff fully engage with their learning, peers and community through a Positive Education approach to enrich their lives. We achieve this by:**

- A whole school commitment to strengthening our community of engaged and resilient learners.
- Adopting a strength-based approach to encourage engaged and resilient learners.
- celebrating achievements with all key stakeholders to enhance student and staff wellbeing.
- building staff and student engagement with the AC v9.0 through the General Capabilities and the lens of Positive Education.
- implementing a whole school approach to embedding the principles of Positive Education.

**Students and staff flourish in an inclusive and supportive environment where high expectations, and diversity of learning, culture and individuals is valued. We achieve this by:**

- fostering a positive school culture at all transition points Years 7 – 12 in collaboration with parents.
- staff collaboration through engagement in Communities of Practise (COP) with a sharp focus on key priorities.
- providing opportunities for students to engage in co-curricular and extra-curricular activities
- further building our strong community links for student pathway success – tertiary, industry and vocational.

**A rigorously aligned curriculum that ensures every student progresses, develops and succeeds. We achieve this by:**

- Implementing & quality assuring AC v9.0 with fidelity.
- delivering QCE Pathways with fidelity.
- designing curriculum experiences, pedagogical and positive education approaches and assessment to engage, differentiate for and extend all learners.
- aligning and embedding cognitions through thinking, reading and writing and extension activities in lesson delivery.

**Sharp and narrow pedagogical priorities that support visible and engaged learning. We achieve this by:**

- ensuring data-informed practice develops targeted and explicit teaching and learning activities.
- using multiple sources of feedback to design learning experiences for all students.
- monitoring and supporting the learning of all students to ensure progress and achievement.
- rigorously monitoring and reviewing key initiatives for student learning impact.
